In this Institution Boys are fitted for the Freshman, Sophomore, or Junto class of any Cellege in the Union, which the parent or guardian may select, or for the business pursuits of life. The School is catirely free from any party or sectarian bias. No pains or expense will be spared to place the institution in the front rank of the high schools of the country. Globes have already been procured, and a new and complete apparatus, for illustrating the sciences, will soon be ready for the use of the Academy. Lectures on moral and scientific subjects will be delivered to the students regularly throughout the term.

The patronage of the School has continued to increase, for each consecutive session, since the Principal was called to its charge eight years ago, and he hopes that, with his own energies unimpaired, and with the aid of a very able Instructor in the Mathematical department, its march will be progressive.

Mr. Johnson was educated at Trinity College, Dublin, where he afterwards taught successfully, and then removed to the United States. He was Professor in St. Mary's College, Wilmington, Delaware, from the President of which (Mr Reilly) he has flattering testimonials. His other references in the U. S. are Rev. J. Jones Smyth, A. M. Principal of the Petersburg Classical Institute, Rev. Mr. McGaw, New York, Francis Dimond, Esq. Philadelphia, and Hon. Ed. Long, Princess Anne, Maryland. These testimonials, together with numerous others which he brings from his native country, all prove his uncommo

No student above the age of sixteen will be retained for one day longer than he shall rigidly adhere to the laws of the Academy; and parents are assured that the strictest attention is paid to the comfort and to the moral and intellectual welfare of boys from 10 to 14 years of age. THE Subscribers beg leave to inform the citizens of cal School, in the Town of Goldsborough.

The Senior instructor, Mr. John Rohlnson, is a practical and experienced Teacher, having for the last ten years stood at the head of his profession in Europe, as the many flattering testimonials in his possession will show, William Robinson flatters himself that he is alreaso cheerfully bestowed upon him.

Mr. JOHN ROBINSON will superintend the English, Mercantile, and Mathematical Department, and give instruction in the Italian and French languages-also in instrumental music, if required. Vocal music will constitute a part of the daily exercises of the pupils. Mr. WILLIAM ROBINSON will superintend the Classi-

They have built and fitted up a new School Room, and hope that their effort to establish a School of high literary merit in this rising and flourishing Town, will not be in vain. They commence it on individual enterprise, and under the most discouraging circumstances, and rely upon the merits of the Institution alone for support. The School is now in operation, and those who wish to

avail themselves of its advantages, are requested to make no delay in entering, that the classes may be properly and advantageously organised. For further particulars, apply to either of the subscribers.

Every disease to which the human frame is subject,

originates from impurities of the blood or derangement of the digestive organs. Dr. Gordon's Family Pills. Being compounded exclusively of such ingredients as

Nature intended should operate on the impurities of the Strike at the root of the disease, removing all impurities from the body, opening the pores externally and in-ternally, separating all foreign and obnoxious particles from the Chyle, so that the blood, of which it is the origin, must be thoroughly pure-necessarily securing a free and vigorous action to the Heart, Lungs, Liver and Stomach, thereby restoring health, by opening the pores,

cleansing the veins and arteries, unimpeding all the natural veins and purifying the blood; they render the system not only thoroughly sound, but also impervious to disease, even when all other means have failed. Within the last twelve months, more than one hundred cases of the most aggravated forms of dyspepsia have been cured by the Medicine, where rigid dieting, the Blue Pill, and almost every other means have been resorted to without any benefit, and when death stared its miserable victim fully in the face, If Dr. Gordon's Pills were not adapted to the cure of any but this horrid malady, their uniform success in this disease alone would be sufficient to "wast on to same" the name of their inventor, as a benefactor of his species.

This medicine never fails to cure the worst cases of PILES in one week! For a more detailed description of the Medicine, the manner of its operation, the complaints it is adapted to and the cures it has performed, we refer the reader to our agents, who will give them a Pamphlet gratis.
